

Purpose

The Healthcare Sector Partnership, established in 2025, brings together healthcare employers, education partners, workforce agencies, and community organizations to address the growing need for healthcare workers across Geauga County. Led by Geauga Growth Partnership, this collaborative network works to grow, retain, and support a strong, sustainable healthcare workforce that meets the needs of the community.

Mission

To cultivate a healthcare workforce ready to thrive, equipped with the resources they need to succeed, and surrounded by a community that believes in their future.

Priorities

Expand healthcare career awareness for youth and adults

Align education and training programs with employer needs

Strengthen employee retention and well-being
